ARE THE MEANS THAT JUSTIFY THE ENDS

Hi! My name is Julio and I'm 32 years old. I am an observant professional with varied skills (a true nexialist!), I have a solid purpose and ambition to impact the world with small daily steps. I like to think counterintuitively when faced with challenging problems. I am looking for a company with the same ideals to be able to contribute to the journey and absorb good experiences.

PROFESSIONAL EXPERIENCE

Pedivela 175
2020 - 2021
